Advance my career?
Increase my earning potential?
Elevate my leadership profile?

Yes, please.

Whether you manage day-to-day operations, you're implementing privacy controls in technology or you're the go-to person for privacy laws and regulations, we've got you covered.

IAPP Certification Programs

"The certification increased my salary by 30% within two weeks."

"Online and in-person training can help you build your knowledge base and prepare for your exam"

The "what"

Certified Information Privacy Professional (CIPP)

The CIPP credential shows that you understand the laws, regulations, frameworks and standards around privacy.

The "how"

Certified Information Privacy Manager (CIPM)

The CIPM shows you understand the operational aspects of privacy program management.

Certified Information Privacy Technologist (CIPT)

The CIPT shows that you know how to manage and build privacy requirements and controls into technology.
